With a night so dark that even the quietest whispers could be heard for miles, Damsel awakens alone in an unknown world, unaware that she's not only the savior of a desolate village, but is also the last hope for humanity. Now you must learn to master the dark art of Vampire Hunting, solving puzzles, saving people, and discovering what lurks beyond the endless night. Characteristics: 1) Impressive Awakening: In the midst of a terrible storm, a strange girl called Damsel awakes alone in an unknown world. Not knowing how she got there or where she came from, she's afraid to trust anyone. Unfortunately, Damsel's fearlessness and curiosity leads her to complete a perilous path, one leading to the cause of the storm and the possibility of humanity's disappearance. It's up to you to guide Damsel through this perilous journey, keeping her alive and making her a hero along the way. 2) Fast-paced Action: Take aim with Damsel's bow, learn to fight vampires in a variety of different ways, and use the environment to your advantage. Quick-paced mechanics and fluid 3D movement increase the intensity of the action-packed game. And with dozens of gamers online

simultaneously, you can take part in instant multiplayer battles at any time, ensuring a very active and explosive gaming experience. 3) Console Level Graphics: Like the movements of a flower in the breeze, Damsel's movement is fluid and perfectly controls. The vibrant style and humor take the game's setting to the next level, while the haunting soundtrack makes the action-filled journey even more thrilling to play. 4) Headset Support: Headset support for PC gamers, including built-in microphone functionality for Steam chats and voice commands! 5) Facebook Game Support: Create your very own Facebook games! Metal Cacao Corporation raises a glass of chocolate milk as they toast the memory of Flight 1735 which never reached its crash site near Hutton (Continued) Special Features Duration: 5 min Director: Jeremy Bastian Depicts DUFÉ as a new model of Christian persecution, especially that of targeted Palestinians. Short vignette on Cadenza's volunteer military base in Pennsylvania. "I mean, maybe they had a taste of the Lord and so they want more of this tastiness," remarked Lance "and maybe there'll be more casualties like that." "They're the ones in the wrong doing," he added. -- Arid Sphere (allbodyconference.webs.com/dungeonfild03.html) Notable Quotes from Cadenza Metal Cacao "The Bible says, "Be ye not like those wicked people, for they shall be punished according to their sin." (Colossians 3:7). -- Nick, Cadenza owner and founder "This is not a mob. This is not a Zionist [sic] agenda. This is a biblical agenda against us, and this is not going to stop until Israel is re-established in 1967. If we don't stand up for our God now and protect our land, we're going to be taken to Babylon." -- Lance, Cadenza president. "Not only was it a personal affront to God, he would have wanted us to take care of these people, destroy every one of them, that's how sensitive he was about it, and I don't think we are recognizing what a narrow minded and prideful God he was. He would have been pained by these people coming to this country and distancing themselves from their God, but never gonna give in to their system. And this would happen for the rest of time that humans walked the earth and that is, 'til the return of God, we've got to protect our soil. Remember, this land is our land. It belongs to God and we don't want him to go for anything and every thing that will hinder us from spreading his word, teaching his ways, and spreading his laws." -- Lance "Our purpose is to become a Christian nation that guides our statesmen by the same virtues that it guides it's people. That is why we defend Israel's right

Hackmud is an unique game - a first-person, first-person survival horror game with emphasis on stealth and hacking skills, and a distinctive design that is portable! There is a continuous-play online version of the game, with the possibility of global ranking. Gameplay In Hackmud, you play a hacker who tries to survive as long as possible. There is no aim-based shooting. You can see only what is necessary. Thus, you have to take risk and carefully observe environment and your environment. Basically, you have to avoid enemy bloodhounds - means of stealth - and stay away from the main target - your prey. Your main allies are a hacking tool - a laptop, an equipment, and an open Internet. All these elements provide you a chance to survive in the game. You may also have to buy weapons, if you have enough money in the bank. Our developers spent a lot of time and effort on stealth aspect of the game. It is the single most important element for players, and it is close to the game's atmosphere. Setting The game takes place in a small town. It feels like a cool place with central locations, and the main character feels that he is safe here. The main character finds himself in an unfamiliar town, calling it Hackmud. It is a new, weird location with lots of weird gadgets. There are various ways to reach Hackmud:I haven't received much attention, but I have been hard at work on Transrealistics: Devonshire, a Zine with pen and ink illustrations by Pete Chylinski and some computer art by Mark Hosford. The story is that a space craft named Devonshire is flying through space, and it lands on a regular sized planet. The other passengers are human, but are not on board long before a giant spider comes out of its web and eats Devonshire. "This was a great project to get into, and it was a lot of fun to complete. It's somewhere in the middle of putting my portfolio together. I'm creating a website to host my work but it doesn't have a name yet." Pete's Devonshire can be found here, and the other illustrations and computer art are up at his portfolio site. I've been working on my new website and I thought it would be nice to have a few
